

# **“Cover Up for Safety’s Sake”**

**“Safety is Job #1. Hard hat, steel-toed boots, safety goggles. So why not sun protection?”**

**I protect my skin and eyes with:**

- long sleeves
- long pants
- sunglasses
- a wide-brimmed hat
- SPF 30 sunscreen and lip balm

**With my light skin, I don’t want to become a skin cancer statistic.”**
